Student Ambassador Reports

Adam Benoit and William Cox agreed that eLearning days have gone well considering that eLearning versus snow days is relatively new since COVID. They are glad to start 2nd semester as Student Ambassadors now that they have figured out how the meetings run.

Superintendent Temple said he is glad to hear at least from a high school perspective, that eLearning days have gone pretty well. There have been a few challenges with connectivity and technology. It has to be applied for every three years through the Regional Office of Education showing how it will be used for each school and students with special needs. There would not be more than two eLearning days in a row, and this is the first time in three years that we have used more than one.

Principal Reports

Principal Reports are attached.

Snow Removal

Superintendent Temple said it was quite a project in the surrounding tri-state area and State roads. Our maintenance crew put in extra hours doing what they could, with just 2 trucks, 2 blades, and a utility tractor with a snowblower mounted on the front of it. We did what we could and had to call in reinforcements. Thanks to Legacy Corporation and Kruckenberg Farms, who came in with some big equipment and moved snow for us.

Superintendent Temple added that something to consider moving forward is looking into trading our current utility tractor in for something maybe a little bigger with a cab.
